## After school lab theme: *Becoming Visible*

As part of AJ Quintana's Dreamstarter project: *Becoming Visible*. Our program will highlight our Nebo School District American Indian students by creating a personalized poster to highlight each them! We will highlight accomplishments, talents, future plans, and more! These posters will be showcased at the Student Leadership Awards Night in May and at their schools.

All month during our labs we will be compiling student information and we will have a mini photoshoot for this amazing project!
